LIMITATION OF LIABILITY

Circumstances may arise where because of a default on ASUS' part or other liability, you are entitled to recover damages from ASUS. In each such instance, regardless of the basis on which you are entitled to claim damages from ASUS, ASUS is liable for no more than damages for bodily injury (including death) and damage to real property and tangible personal property; or any other actual and direct damages resulted from omission or failure of performing legal duties under this Warranty Statement, up to the listed contract price of each product.

ASUS will only be responsible for or indemnify you for loss, damages or claims based in contract, tort or infringement under this Warranty Statement.

This limit also applies to ASUS' suppliers and its reseller. It is the maximum for which ASUS, its suppliers, and your reseller are collectively responsible.

UNDER NO CIRCUMSTANCES IS ASUS LIABLE FOR ANY OF THE FOLLOWING: (1) THIRD-PARTY CLAIMS AGAINST YOU FOR DAMAGES; (2) LOSS OF, OR DAMAGE TO, YOUR RECORDS OR DATA; OR (3) SPECIAL, INCIDENTAL, OR INDIRECT DAMAGES OR FOR ANY ECONOMIC CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS OR SAVINGS), EVEN IF ASUS, ITS SUPPLIERS OR YOUR RESELLER IS INFORMED OF THEIR POSSIBILITY.

About this manual

This manual provides information about the hardware and software features of your ASUS Tablet, organized through the following chapters:

Chapter 1: Hardware Setup

This chapter details the hardware components of your ASUS Tablet.

Chapter 2: Using your ASUS Tablet

This chapter shows you how to use the different parts of your ASUS Tablet.

Chapter 3: Working with Android™

This chapter provides an overview of using Android™ in your ASUS Tablet.

Chapter 4: Pre-installed Apps

This chapter features the pre-installed applications included with your ASUS Tablet.

Appendices

This section includes notices and safety statements for your ASUS Tablet.

Conventions used in this manual

To highlight key information in this manual, some texts are presented as follows:

IMPORTANT! This message contains vital information that must be followed to complete a task.

NOTE: This message contains additional information and tips that can help complete tasks.

WARNING! This message contains important information that must be followed to keep you safe while performing tasks and prevent damage to your ASUS Tablet's data and components.

Typography

Bold = This indicates a menu or an item that must be selected.

Italic = This indicates sections that you can refer to in this manual.

Safety Precautions

Charging your batteries

Ensure to fully charge your battery pack before using your ASUS Tablet in battery mode for extended periods. Remember that the power adapter charges the battery pack as long as it is plugged into an AC power source. Be aware that it takes much longer to charge the battery pack when the ASUS Tablet is in use.

IMPORTANT! Do not leave the ASUS Tablet connected to the power supply once it is fully charged. ASUS Tablet is not designed to be left connected to the power supply for extended periods of time.

Using your ASUS Tablet

This ASUS Tablet should only be used in environments with ambient temperatures between 0°C (32°F) and 35°C (95°F).

Long time exposure to extremely high or low temperature may quickly deplete and shorten the battery life. To ensure the battery's optimal performance, ensure that it is exposed within the recommended environment temperature.

Airplane Precautions

Contact your airline provider to learn about related inflight services that can be used and restrictions that must be followed when using your ASUS Tablet in-flight.

IMPORTANT! You can send your ASUS Tablet through x-ray machines (used on items placed on conveyor belts), but do not expose them from magnetic detectors and wands.

Package contents

ASUS Tablet

Micro USB cable

Power adapter

Micro SIM card tray eject pin

Technical documentations and warranty card

NOTES:

- If any of the items is damaged or missing, contact your retailer.
 - The bundled power adapter varies with country or region.
-

Chapter 1:

Hardware Setup

Getting to know your ASUS Tablet

Front view

1 Touch screen panel

The touch screen panel allows you to interact with your ASUS Tablet using the stylus or touch gestures.

2 Audio speaker

The built-in audio speaker allows you to hear audios straight from your ASUS Tablet. Audio features are software controlled.

3 Front camera

This built-in front camera allows you to take pictures or record videos using your ASUS Tablet.

4 Proximity sensor

The proximity sensor disables the touch function and switches off the backlight when you use your ASUS Tablet to make or receive a call.

5 Ambient light sensor

The ambient light sensor detects the amount of light in your environment. It allows the system to automatically adjust the brightness of the display depending on the ambient light condition.

Rear view

1 MicroSD card slot

The ASUS Tablet comes with a built-in memory card reader slot that supports microSD, microSDHC, and microSDXC card formats.

2 Volume button

The volume button allows you to increase or decrease the volume level of your ASUS Tablet.

In addition, you can also do any of the following using the volume button:

- Press and hold the volume down button to activate Vibrate Mode.
- When in Vibrate mode, press the volume down button once to switch to Silent Mode.
- Press and hold the volume up button to show and adjust the music, message alert, and time alarm volumes.

3 Power button

Press the power button for about two (2) seconds to turn your ASUS Tablet on or wake it up from standby mode.

To turn your ASUS Tablet off, press the power button for about (2) seconds and when prompted, tap **Power Off** then tap **OK**.

To lock your ASUS Tablet or put it to standby mode, press and quickly release the power button.

If your ASUS Tablet becomes unresponsive, press and hold the power button for about four (4) seconds to force it to shut down.

IMPORTANT!

- When your ASUS Tablet is inactive for fifteen (15) seconds, it will automatically go to standby mode.
 - Forcing the system to restart may result to data loss. We strongly recommend that you back up your data regularly.
-

4 Rear camera

This built-in rear camera allows you to take high-definition pictures or videos using your ASUS Tablet.

5 Speaker/Headset port

This port allows you to connect your ASUS Tablet to amplified speakers or a headset.

IMPORTANT! This port does not support an external microphone.

6 Micro SIM card slot

The ASUS Tablet comes with a built-in micro SIM card slot that supports WCDMA, LTE, and GSM network bands.

NOTE: Refer to section Installing a micro SIM card for more details.

7 Micro USB 2.0 port

Use the micro USB (Universal Serial Bus) 2.0 port to charge the battery pack or supply power to your ASUS Tablet. This port also allows you to transfer data from your computer to your ASUS Tablet or vice-versa.

NOTE: When you connect your ASUS Tablet to the USB port on your computer, your ASUS Tablet will be charged only when it is in sleep mode (screen off) or turned off.

8 Microphone

The built-in microphone can be used for video conferencing, voice narrations or simple audio recordings.

Chapter 2:

Using your ASUS Tablet

Setting up your ASUS Tablet

Installing a micro SIM card

Before you can make calls, send text messages, or connect to a mobile broadband network using your ASUS Tablet, you need to install a micro SIM (Subscriber Identity Module) card.

To install a micro SIM card:

1. Insert the tip of the bundled micro SIM card tray eject pin to eject the micro SIM card tray.

2. Pull out the micro SIM card tray and place the micro SIM card on the tray with the metal contacts facing up.

3. Align and insert the micro SIM card tray back to the slot.

Charging your ASUS Tablet

To charge your ASUS Tablet:

- A** Connect the micro USB cable to the power adapter.
- B** Plug the micro USB connector into your ASUS Tablet.
- C** Plug the power adapter into a grounded power outlet.

Charge your ASUS Tablet for eight (8) hours before using it in battery mode for the first time.

IMPORTANT!

- Use only the bundled power adapter and micro USB cable to charge your ASUS Tablet. Using a different power adapter may damage your ASUS Tablet.
 - Peel the protective film off from the power adapter and micro USB cable before charging the ASUS Tablet to prevent risk or injury.
 - Ensure that you plug the power adapter to the correct power outlet with the correct input rating. The output voltage of this adapter is DC 5.2 V, 1.35 A.
 - When using your ASUS Tablet while plugged-in to a power outlet, the grounded power outlet must be near to the unit and easily accessible.
 - Do not place objects on top of your ASUS Tablet.
-

NOTES:

- Your ASUS Tablet can be charged via the USB port on the computer only when it is in sleep mode (screen off) or turned off.
 - Charging through a USB port of a computer may take a longer time to complete.
 - If your computer does not provide enough power for charging your ASUS Tablet, charge your ASUS Tablet via the grounded power outlet instead.
-

Turning your ASUS Tablet on

To turn on your ASUS Tablet, press the power button for about two (2) seconds.

Gestures for the ASUS Tablet

Gestures allow you to launch programs, access the settings, and navigate your ASUS Fonepad. Refer to the following instructions when using hand gestures on the touch screen panel of your ASUS Tablet.

Drag/Tap and hold/Long press

- To move an app, tap and hold the app then drag it to a new location.
- To delete an app from the main screen, tap and hold the app then drag it up to the top side of the screen.
- To capture a screen image, tap and hold .

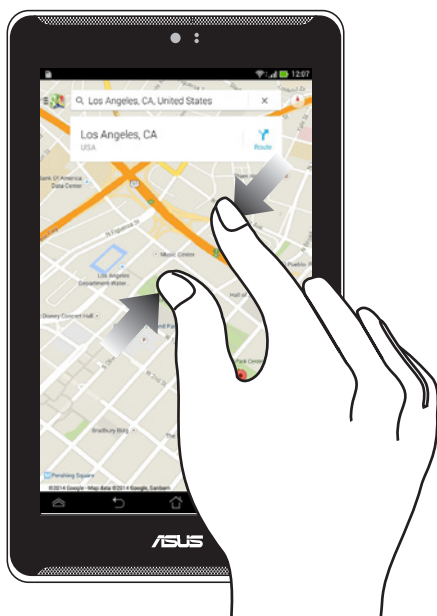

NOTE: To enable this setting, go to  > **ASUS Customized Setting** then tick **Capture screenshots by holding the Recent Apps Key**.

Tap/touch

- Tap an app to launch it.
- In the File Manager app, tap to select and open a file.

Zoom out

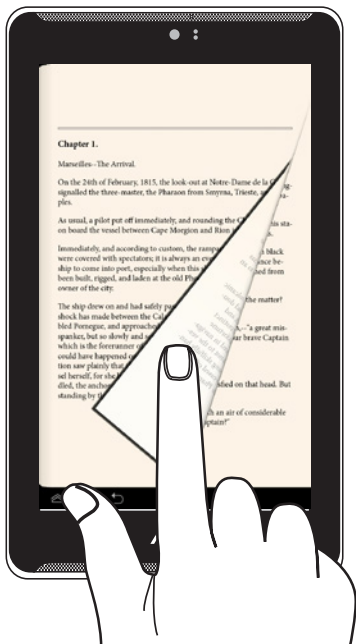

Bring together your two fingers on the touch panel to zoom out an image in Gallery, Maps or Places.

Zoom in

Spread apart your two fingers on the touch panel to zoom in an image in Gallery, Maps or Places.

Swipe

Swipe your finger to the left or to the right on the touch panel display to switch between screens or to flip through the pages of an e-book or a gallery of images.

Chapter 3:

Working with Android™

Starting up for the first time

When you turn on your ASUS Tablet for the first time, a series of steps appear to guide you in configuring the basic settings of your Android™ operating system.

To start your ASUS Tablet for the first time:

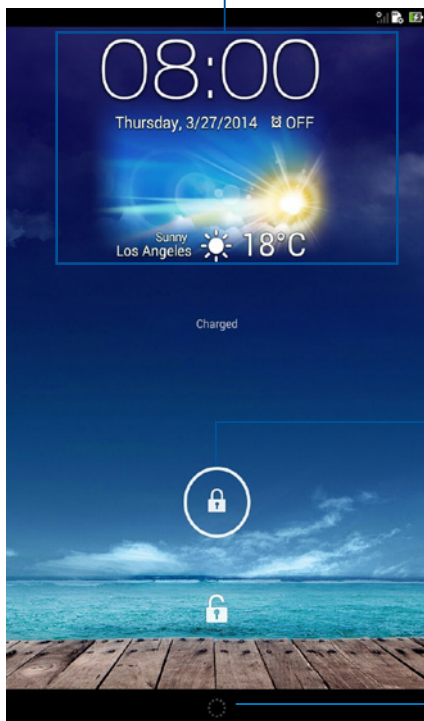

1. Turn your ASUS Tablet on.
 2. Choose a language, then tap .
 3. Select an input method or keyboard format, then tap .
 3. Select a type of network (mobile carrier, Wi-Fi, or both) to connect to the Internet, then tap .
 4. From the list of available Wi-Fi networks, tap a network name then tap .
- To skip connecting to a network, tap .

NOTE: Some Wi-Fi networks may prompt you to key in a passcode.

5. Select the type of data synchronization, then tap .
6. Follow the onscreen instructions to configure the following items:
 - Google Account
 - Google location and services
7. Set the local date and time, then tap .
8. Carefully read **Inspire ASUS** terms. Tick the checkbox **I understand** then tap .
9. Tap  or  to enter Home screen.
10. On the Home Screen, tap OK to start navigating your ASUS Tablet.

Android™ lock screen

Time, date, and weather panel

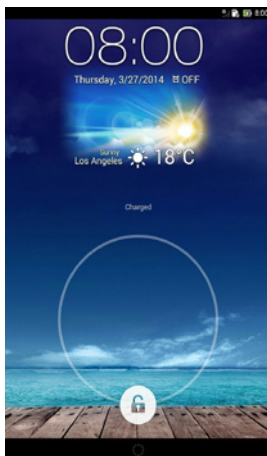

Lock icon

Google Now launcher

Unlocking your device

Tap and drag  to .

Adding a wallpaper on the lock screen

Swipe the lock screen from left to right to view the wallpaper and widget panel, then tap  and select a wallpaper from Gallery or Wallpapers.

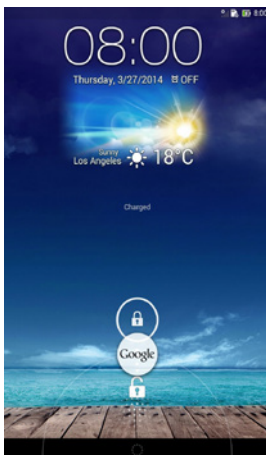

Adding a widget on the lock screen

Swipe the lock screen from left to right to view the wallpaper and widget panel, then tap  and select a widget.

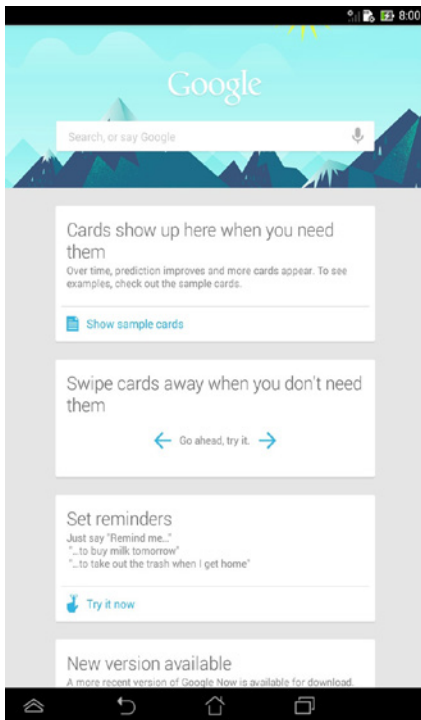

Entering Google Now

Tap  on the system bar then drag it to Google icon.

Google Now

Google Now is your ASUS Tablet's personal assistant, giving you instant updates on weather conditions, nearby restaurants, flight schedules, scheduled appointments, and other related information based from your web history, synced calendars and reminders.

Home Screen

Screen views

The built-in gravity-sensor of your ASUS Tablet enables automatic screen rotations depending on how you hold it. You can quickly switch between a landscape or portrait view by steering your ASUS Tablet to the left or to the right.

Landscape view

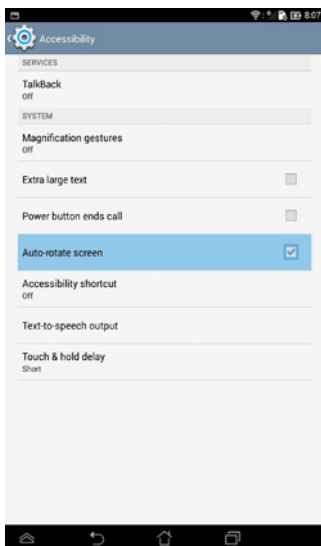

Portrait view

Unlocking the screen orientation

By default, your ASUS Tablet's screen orientation is locked in portrait mode. You can enable the auto-rotate screen function by following these steps:

1. Tap  on the Home Screen to open All Apps screen.
2. Tap  > **Accessibility** then tap **Auto-rotate screen** to select.

NOTE: You can also enable or disable this function from the ASUS Quick Settings. Refer to section *Settings* for more details.

Using the call and text features

Making calls

To make a call:

1. Tap  on the Home Screen.
2. Key in the number you wish to call.
3. Tap  to dial.
4. Tap  to end the call.

Setting up your contacts

Adding a new contact

To add a new contact :

1. From the Home Screen, tap  > .
2. To save a new contact to your ASUS Tablet, tap **Device**. To save a new contact to your SIM card, tap the SIM account.
3. Key in the details of the new contact, then tap **Done**.

Importing contacts

To import contacts:

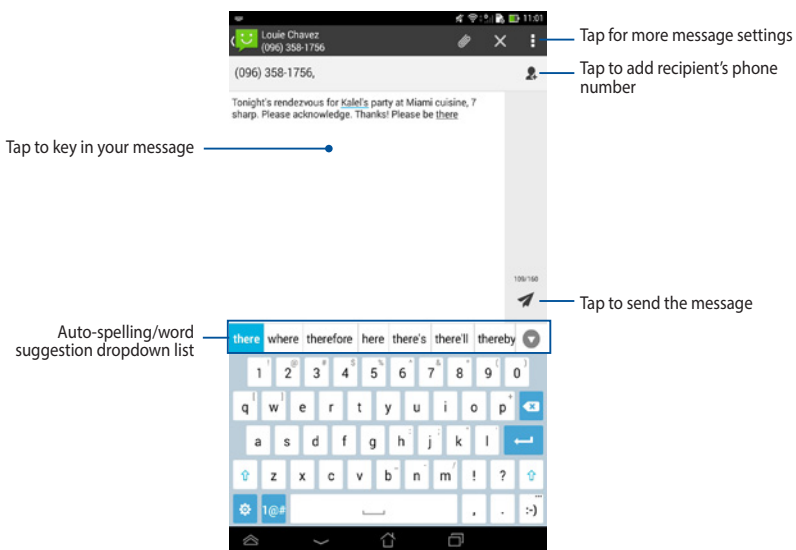

1. From the Home Screen, tap  then tap  > **Manage contacts**.
2. Tap **Import/Export** then tap the SIM that contains the contacts you want to import to your ASUS Tablet.
3. Tap **Device** then tap the contacts.
4. When done, tap **Import**.

Sending a text message

Your ASUS Tablet organizes your text messages from a contact into a single thread of texts, making it easier for you to follow the flow of messages and send the appropriate responses.

To send a text message:

1. From the Home Screen, tap .
2. On the **To** field, key in your recipient's phone number or tap  to select a recipient from your contacts list, then tap **OK**.
3. Tap and key in your message on the **Type message** field.
4. When done, tap  to send the message.

Connecting to the world

Connecting to mobile networks

After installing the SIM card, you are ready to use your ASUS Tablet to make/receive calls or transmit/receive data. Different countries or regions may have different mobile networks available and you may have to configure your ASUS Tablet to access these networks.

To configure your mobile networks setting:

1. Do any of the following to go to the Settings screen:
 - Tap  to go to the All Apps screen then tap .
 - Swipe your finger down from the top of the screen to go to **ASUS Quick Settings** then tap .
2. From the Settings screen, tap **More...** then tap **Mobile networks**.

NOTE: Refer to section **Settings** for more details about ASUS Quick Settings.

IMPORTANT! If your ASUS Tablet does not connect to a network, contact your mobile network carrier for assistance.

Connecting to Wi-Fi networks

Wi-Fi wireless networking technology allows you to exchange data wirelessly over a network. To use Wi-Fi, enable the Wi-Fi feature in your ASUS Tablet and connect to a wireless network. Some wireless networks are secured with a key or protected with digital certificates and requires additional steps to set up; others are open and you can easily connect to them.

NOTE: Turn Wi-Fi off when you are not using it to help save battery power.

To enable Wi-Fi and connect to a Wi-Fi network:

1. Tap  to go to the All Apps screen then tap .
2. Slide the Wi-Fi switch to ON. When enabled, your ASUS Tablet scans for available Wi-Fi networks.

3. Tap a network name to connect to it. For a secured network, you may be prompted to key in a password or security credentials.

NOTE: If your ASUS Tablet finds a network that you have connected to previously, it automatically connects to it.

Using Bluetooth

Enabling or disabling Bluetooth in your device

Bluetooth is a wireless standard used for exchanging data over short distances. Bluetooth exists in many products, such as smartphones, computers, tablet devices, and headsets.

Bluetooth is very useful when transferring data between two or more devices that are near each other.

The first time you connect to a Bluetooth device, you must pair it with your ASUS Tablet.

NOTE: Turn Bluetooth off when you are not using it to help save battery power.

To enable or disable Bluetooth in your ASUS Tablet, you can do any of the following:

- Tap  to go to the All Apps screen then tap . Slide the Bluetooth switch to **ON**.
- Slide down the notification bar to display **ASUS Quick Settings** panel then tap .

Pairing your ASUS Tablet with a Bluetooth device

Before you can connect to a Bluetooth device, you must first pair your ASUS Tablet to that device. The devices stay paired, unless you remove the paired connection between them.

To pair your ASUS Tablet to a Bluetooth device:

1. Tap  to go to the All Apps screen then tap . Slide the Bluetooth switch to **ON**.
2. Tap **Bluetooth** to display all available Bluetooth devices within range.

NOTES:

- If the device you want to pair with is not in the list, ensure that its Bluetooth feature is turned ON and set as Discoverable.
 - See the technical documentation that came with the device to learn how to turn its Bluetooth ON and how to set it to discoverable.
-
3. If your ASUS Tablet has finished scanning before your Bluetooth device is ready, tap **SEARCH FOR DEVICES**.
 4. In the list of available devices, tap the Bluetooth device that you want to pair with. Follow the succeeding screen instructions to complete the pairing. If necessary, refer to the technical documentation that came with the device.

Connecting your ASUS Tablet to a Bluetooth device

After you have paired your ASUS Tablet to a Bluetooth device, you can easily reconnect to it manually, after it is back in range.

To connect to a Bluetooth device:

1. Tap  to go to the All Apps screen then tap . Slide the Bluetooth switch to **ON**.
2. In the list of **PAIRED DEVICES**, tap the name of the paired device.

Unpairing and configuring a Bluetooth device

To unpair or configure a Bluetooth device:

1. Tap  to go to the All Apps screen then tap . Slide the Bluetooth switch to **ON**.
2. Tap **Bluetooth** then tap  beside the connected Bluetooth device that you want to unpair or configure.
3. From Paired Bluetooth device screen, you can do any of the following:
 - Tap **Unpair** to unpair the device.
 - Tap **Rename** to rename the Bluetooth device.
 - Tap any of the listed profiles to enable or disable a profile.
4. Tap  to go back to previous screen.

Managing Apps

Creating app shortcuts

Get easy access to some of your favorite applications by creating app shortcuts on your Home Screen.

To create app shortcuts:

1. Tap  to go to the All Apps screen.
2. From the All Apps screen, tap and hold the app's icon then drag it to the Home Screen.

Removing an app from the Home Screen

Free up space for new app shortcuts by removing existing app shortcuts on your Home Screen.

To remove app shortcuts:

1. Tap and hold an app until the **X Remove** appears on top of the screen.
2. Drag the app to **X Remove** to remove it from the Home Screen.

Viewing app info

You can view the detailed app information while creating a shortcut for the app. While holding an app on the All Apps screen, the display switches to Home Screen and the **App info** appears on the top of the Home Screen display. Drag the app to **App info** to display its detailed information.

Creating app folder

You can create folders to organize shortcuts on your Home Screen.

To create an app folder:

1. On the Home Screen, tap and drag an app or shortcut onto another app until a transparent square appears.

NOTES:

- The created folder is shown in a transparent square.
 - You can add multiple apps in your folder.
-

2. Tap the folder and tap **Unnamed Folder** to rename the folder.

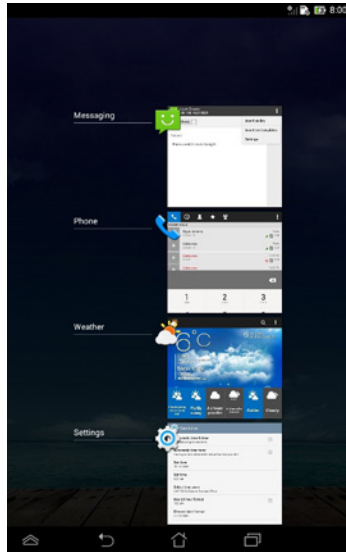

Viewing apps under the Recents screen

The Recents screen allows you to view a list of app shortcuts based from your recently launched apps. Using the Recents screen, you can easily go back to or switch between the apps you recently launched.

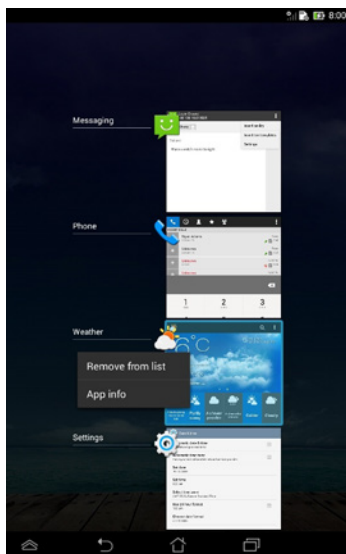

To access the Recents screen:

1. Tap  on the system bar.
2. A list shows up to display all of your recently launched apps. Tap on the app you want to launch.

To view a recent app's menu:

1. Tap and hold a recent app to display its menu.
2. To remove the app from the list, select **Remove from list**. To view its information, select **App info**.

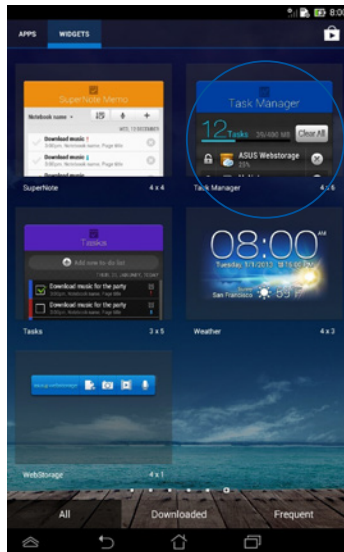

NOTE: You can also remove a recent app from the list by swiping it to the left or right.

Task Manager

ASUS Task Manager displays a list of currently running utilities and applications, including their usages in percentages, on your ASUS Tablet. You can also open and close the running apps individually or close all apps and utilities at once using the **Close All** function.

To manage Task Manager:

1. Tap  to go to the All Apps screen then tap **WIDGETS** to display the Widgets menu.
2. Tap and hold **ASUS Task Manager** to display the ASUS Task Manager box on the Home Screen.

3. Swipe the list up and down to view all launched apps.

4. Tap  beside the running app to close it. Tap **Close All** to close all running apps at once.

File Manager

File Manager allows you to easily locate and manage your data either on the internal storage or the connected external storage devices.

Accessing the internal storage

To access the internal storage:

1. Tap  to go to the All Apps screen.
2. Tap  > **Internal Storage** on the left panel to view the contents of your ASUS Tablet then tap an item to select.

Accessing the external storage device

To access the external storage device:

1. Swipe down the notification bar on top of the screen to display the notification box.
2. Tap  **Open** to display the contents of your microSD card. To unmount the microSD card from your ASUS Tablet, tap  **Unmount**.

IMPORTANT! Ensure to save your data stored in your microSD card before unmounting the microSD card from your ASUS Tablet.

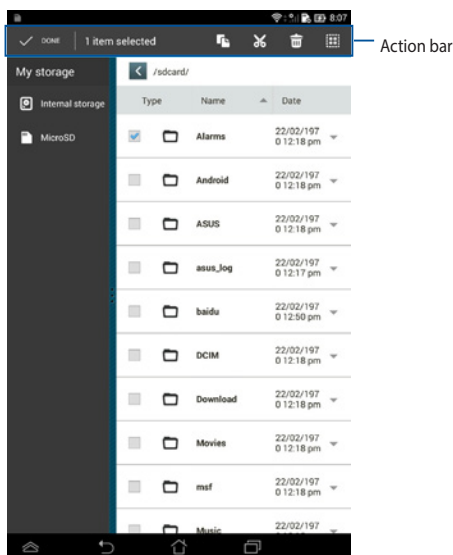

Customizing your contents

From File Manager, you can copy, cut, share and delete the contents of your device or the installed external storage device.

When you customize a file or folder, tick the box beside the file or folder and the action bar appears on the upper right corner of the screen.

NOTES:

- The  action will only appear if you customize a file or files inside the folder.
 - You can also tick the file or folder then drag and drop it to your desired destination folder.
-

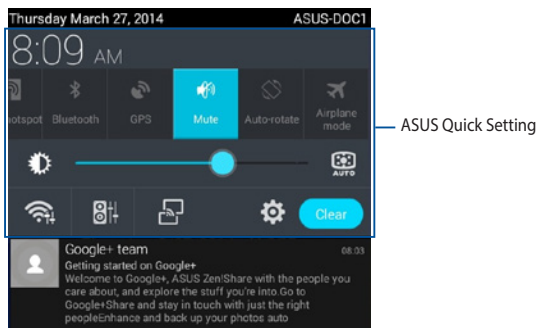

Settings

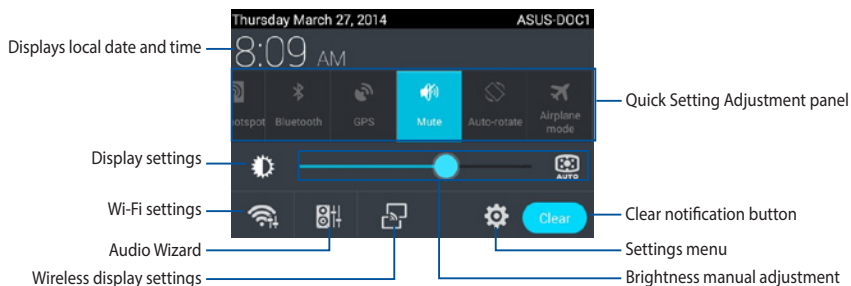

Settings screen allows you to configure the system settings of your ASUS Tablet. With this system app, you can configure your ASUS Tablet's wireless connectivity, hardware, personal, account, and system settings.

There are two ways to launch the Settings screen:

1. From the All Apps screen, tap  to display the menu.
2. Swipe down the notification bar on top of the screen to display **ASUS Quick Settings** panel then tap .

ASUS Quick Setting

ASUS Quick Setting Adjustment panel

Tap any of the following icons to enable or disable the function.

Notification panel

Notification panel appears under the Quick Setting panel for alerts or updates of apps, incoming e-mails and utility status.

Notification panel

NOTE: Swipe the notification to the left or to the right to remove the item from the list.

Turning your ASUS Tablet off

You can shut down your ASUS Tablet by doing any of the following:

- Press the power button for about two (2) seconds and when prompted, tap **Power Off** then tap **OK**.
- If your ASUS Tablet is unresponsive, press and hold the power button for about four (4) seconds until your ASUS Tablet turns off.

IMPORTANT! Forcing the system to shut down may result to data loss. Ensure that you back up your data regularly.

Putting your ASUS Tablet to sleep

To put your ASUS Tablet to sleep, press the power button once.

Chapter 4:

Pre-installed Apps

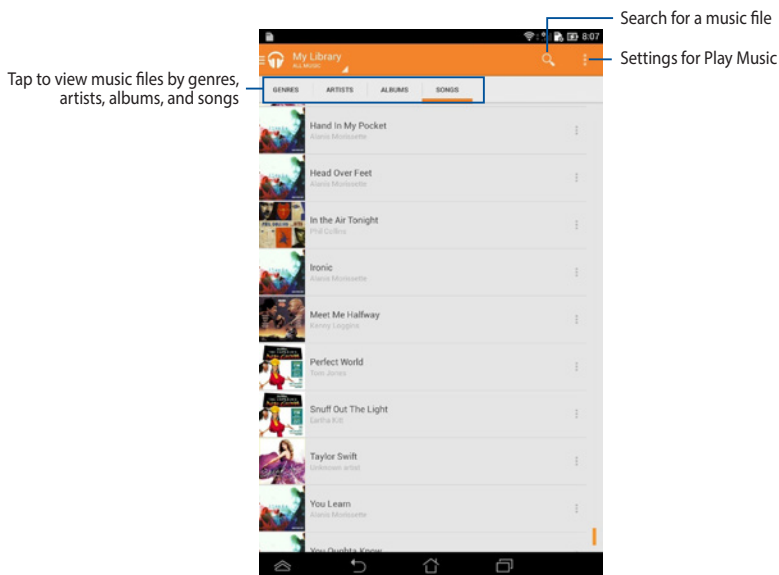

Featured pre-installed apps

Play Music

Play Music app, an integrated interface for your music collection, allows you to play your saved music files stored internally or from an installed external storage device.

You can shuffle and play all music files randomly or flip to select an album for your listening pleasure.

To launch Play Music, tap  on the Home Screen then tap  .

Your ASUS Tablet supports the following audio and video codecs:

Decoder	Audio codec	AAC LC/LTP, HE-AACv1(AAC+), HE-AACv2(enhanced AAC+), AMR-NB, AMR-WB, MP3, FLAC, MIDI, PCM/WAVE, Vorbis, WAV a-law/mu-law, WAV linear PCM, WMA 10, WMA Lossless, WMA Pro LBR
	Video codec	H.263, H.264, MPEG-4, VC-1/WMV, VP8
Encoder	Audio codec	AAC LC/LTP, AMR-NB, AMR-WB
	Video codec	H.263, H.264, MPEG-4

Camera

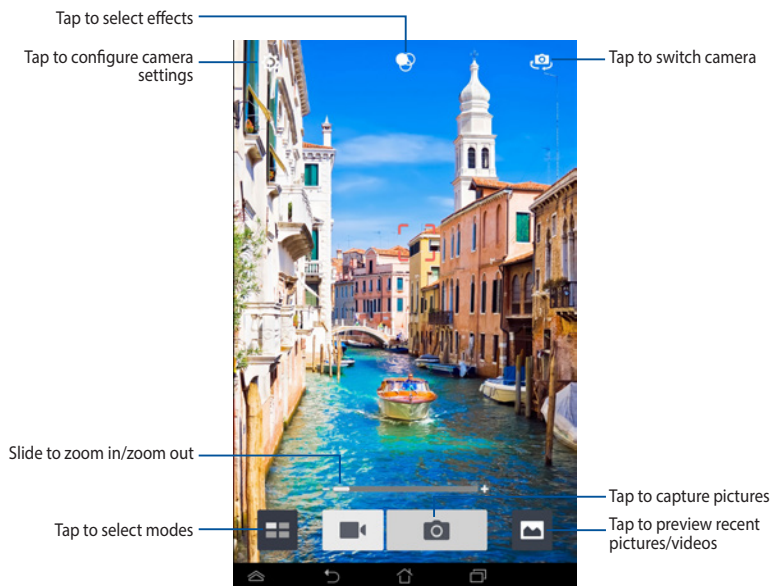

The camera app allows you to take pictures and record videos using your ASUS Tablet.

To launch the Camera app, tap  on the Home Screen.

NOTE: The taken pictures and recorded videos can be viewed using the **Gallery** app.

Taking pictures

From the camera screen, tap  to take pictures.

Recording videos

From the camera screen, tap  to start recording videos.

While recording is in progress, you can also use the zooming slider to zoom in or zoom out the video.

Configuring the camera settings and effects

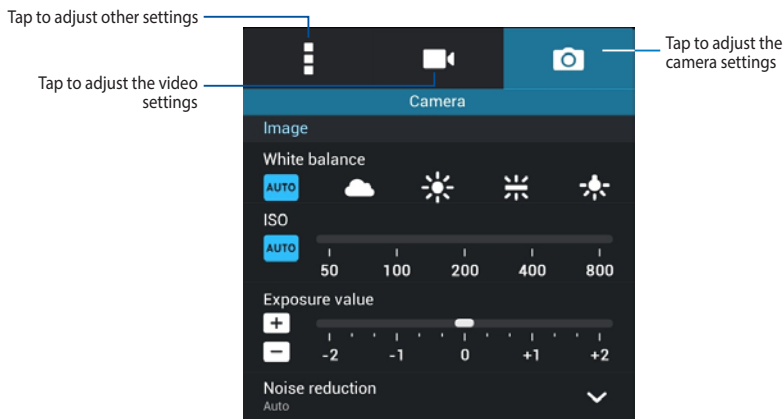

The Camera app lets you to adjust the settings of your camera and apply effects to your pictures and videos.

Configuring the camera settings

To configure the camera settings:

From the camera screen, tap .

IMPORTANT! Apply the settings first before taking pictures or recording videos.

Below are the settings of your ASUS Tablet's camera that you can use to take or record high-definition pictures and videos:

Tap this icon to adjust the white balance, ISO settings, exposure value, camera resolution, shoot modes, and focus settings to take high-definition pictures.

Tap this icon to adjust the white balance, exposure value, video quality, and focus settings to record high-definition videos.

Tap this icon to enable screen guidelines, add location information on your pictures and videos, configure other camera settings, and restore default settings of your ASUS Tablet's camera.

NOTE: The white balance settings can only be adjusted when using the rear camera.

Applying camera effects

To apply camera effects:

From the camera screen, tap  then tap to select from the listed variety of camera photography effects.

IMPORTANT! Select an effect first before taking pictures or recording videos.

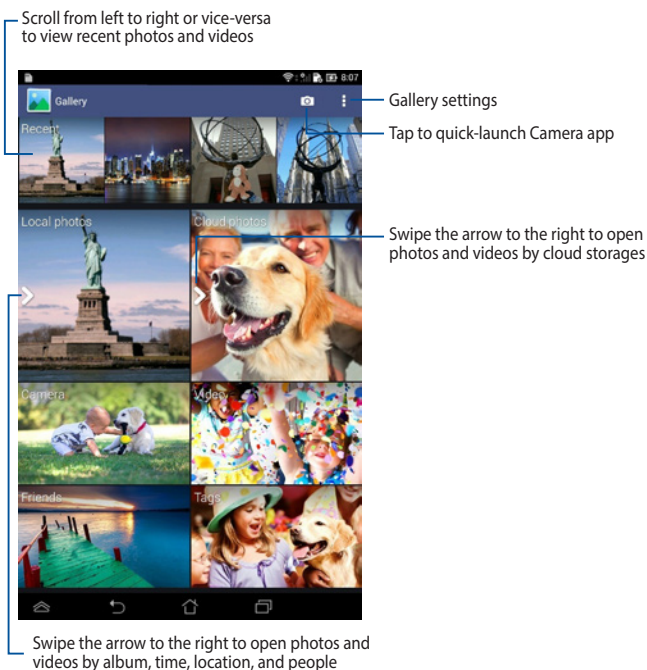

Gallery

View images and play videos on your ASUS Tablet using the Gallery app. This app also allows you to edit, share, or delete image and video files stored in your ASUS Tablet. From Gallery, you can display images in a slideshow or tap to view the selected image or video file.

To launch Gallery, tap  on the Home Screen.

Gallery

Gallery main screen

Sharing and deleting albums

To share the album, tap and hold the album until a tool bar appears on top of the screen. You can upload or share the selected albums online or delete them from your ASUS Tablet.

Sharing, editing and deleting images

To share, edit, or delete the image, tap to open the image then tap on the image to launch the tool bar on top of the screen.

Sharing images

To share the image:

1. From Gallery screen, open the album containing the image that you want to share.
2. Tap to select then tap  and select from the list of sharing apps.

To share multiple images:

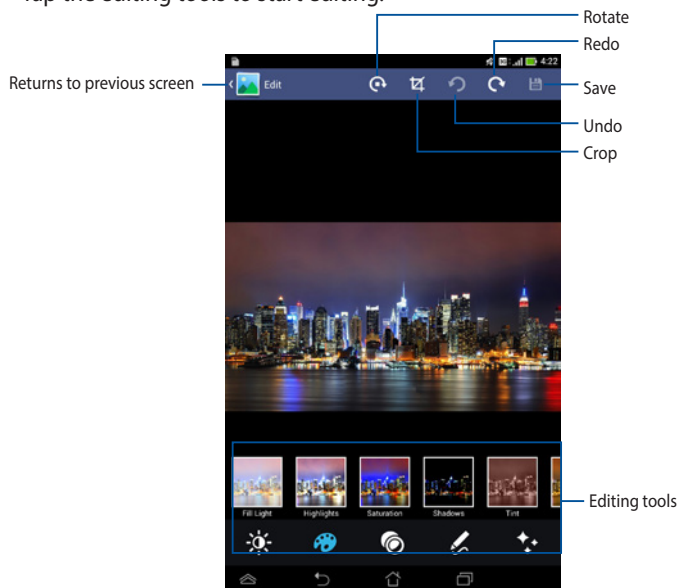

1. From Gallery screen, open the album containing the images that you want to share.
2. Tap and hold one image then tap the other images.
3. Tap  then select from the list of sharing apps.

Editing an image

To edit the image:

1. From Gallery screen, open the album containing the image that you want to edit.
2. Tap the image to open then tap .
3. Tap the editing tools to start editing.

Deleting images

To delete the image:

1. From the Gallery screen, open the album containing the image that you want to delete.
2. Tap the image to open then tap .
3. Tap **OK**.

To delete multiple images:

1. From the Gallery screen, open the album containing the images that you want to delete.
2. Tap and hold one image then tap the other images.
3. Tap  then tap **OK**.

Email

The Email app allows you to add POP3, IMAP, and Exchange accounts so you can receive, create, and browse e-mails right from your ASUS Tablet.

IMPORTANT! You must be connected to the Internet so you can add an e-mail account or send and receive e-mails from added accounts.

Setting up an e-mail account

To set up an e-mail account:

1. Tap  to display the All apps screen.
2. Tap  to launch the Email app.
3. From the Email app screen, key in your e-mail address and password then tap **Next**.

NOTE: Wait while your ASUS Tablet automatically checks your incoming and outgoing mail server settings.

4. Configure the **Account settings** and tap **Next**.

5. Key in the account name that you want to be displayed in the outgoing messages, then tap **Next** to log into your inbox.

Adding e-mail accounts

To add e-mail accounts:

1. Tap  to display the All apps screen.
2. Tap  then login using your account.
3. Tap  > **Settings** then tap  to add an e-mail account.

Gmail

Using the Gmail app, you can create a new Gmail account or synchronize your existing Gmail account so you can send, receive, and browse e-mails right from your ASUS Tablet. Enabling this app allows you to access other Google apps that may require a Google account, such as Play Store.

Setting up a Gmail account

To set up a Gmail account:

1. Tap  to display the All apps screen.
2. Tap  to launch Gmail.
3. Tap **Existing** and key in your existing Gmail account and password, then tap .

NOTES:

- Tap **New** if you do not own a Google account.
 - When signing in, you have to wait while your ASUS Tablet communicates with Google servers to set up your account.
-

4. Use your Google account to backup and restore your settings and data. Tap  to sign in to your Gmail account.

IMPORTANT! If you have several e-mail accounts aside from Gmail, use Email app to set up and access all your e-mail accounts.

Play Store

Access lots of fun games and apps in the Play Store using your Google account.

IMPORTANT! You can only access Play Store by signing in to your Google account.

Accessing Play Store

To access Play Store:

1. On the Home Screen, tap  .
2. If you already have an existing Google account, tap **Existing** and key in your e-mail account and password. If you do not have an account, tap **New** and follow the on-screen instructions to create an account.
3. After signing in, you can start downloading apps from Play Store and install them in your ASUS Tablet.

NOTE: Some apps are free and some might charge you through a credit card.

Maps

Google Maps allows you to view and find places, establishments and get directions. It also allows you to check your current location and share the information with others.

Using Google Maps

To use Google Maps:

1. Tap  to display the All apps screen, then tap .
2. Use the search bar on top of the screen to customize your search.

Portrait view

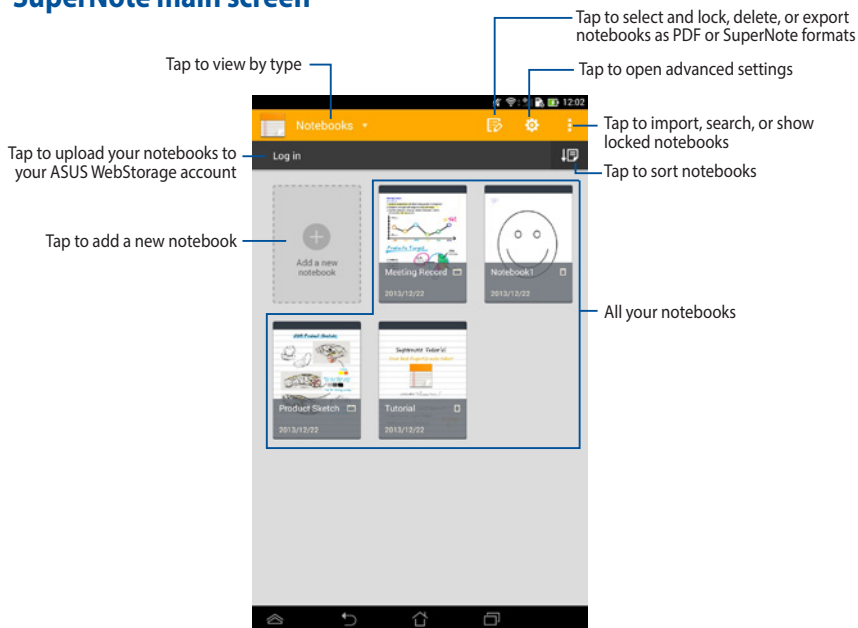

SuperNote

SuperNote is an easy-to-use app that lets you take notes, doodle, capture and insert photos, and record sounds and videos for a more interactive experience.

You can also share your notebooks via your ASUS WebStorage account.

To launch SuperNote, tap  on the Home Screen.

SuperNote main screen

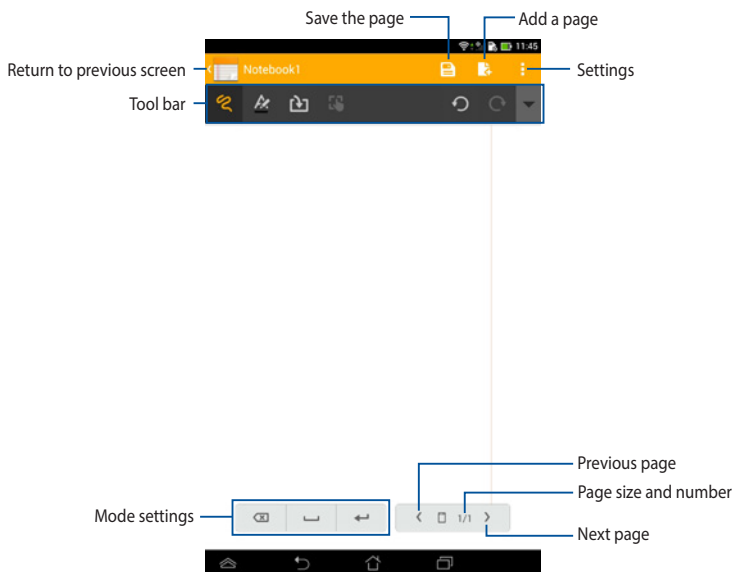

Creating a new notebook

To create a new notebook:

1. Tap **Add a new Notebook**.
2. Name the file and select **Pad** or **Phone** for page size.
3. Select a template. The new note page appears instantly.

SuperNote Notebook interface

NOTE: The mode settings and notebook tool bar change when you tap  mode,  mode, or  mode.

Customizing your notebook

SuperNote allows you to be creative with your notebooks. From the tool bar, you can select several tools that lets you customize your notebooks.

NOTE: The settings of the tool bar may vary depending on the mode that you selected.

To customize your notebook:

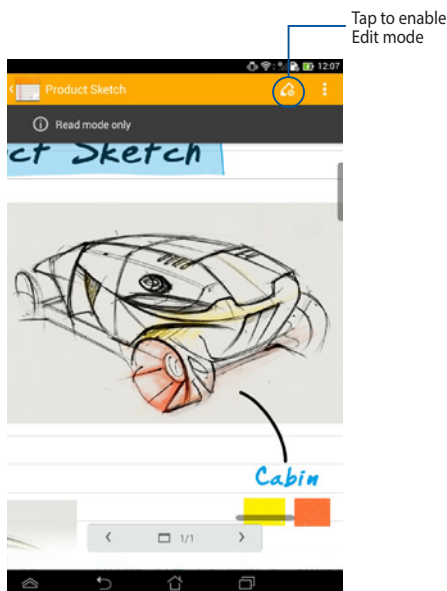

1. In the SuperNote main screen, tap the notebook that you want to customize.
2. Tap any of the icons on the toolbar to start editing your notebook.

NOTES:

- For  mode, tap  on the notebook tool bar then tap  for penmanship guidelines when necessary.
 - For  mode, tap  to select text color and weight.
 - For  mode, tap  to select brush stroke, color, opacity, and weight.
-

SuperNote Read-only mode

To enable the read-only mode, tap  then tap **Read only**.

Renaming your notebook

To rename your notebook:

1. In the SuperNote main screen, tap and hold the notebook file then tap **Rename**.
2. Key in the the filename then tap **OK**.

Hiding your notebook

To hide your notebook:

1. In the SuperNote main screen, tap and hold the notebook file then tap **Lock to hide**.
 2. Key in your password then tap **OK**.
-

NOTES:

- You will be prompted to key in a new password when you hide your notebook for the first time.
 - To view the hidden notebooks on the main screen, tap  then tap **Show locked notebook**.
-

Deleting your notebook

To delete your notebook:

1. In the SuperNote main screen, tap and hold the notebook file then tap **Delete**.
2. Tap **Delete** to confirm deletion of the notebook.

AudioWizard

AudioWizard allows you to customize the sound modes of your ASUS Tablet for a clearer audio output that fits the actual usage scenarios.

To launch Audio Wizard, tap  on the Home Screen then tap .

Using AudioWizard

To use AudioWizard:

1. In the AudioWizard window, tap the sound mode that you want to activate.
2. Tap **OK** to save the selected sound mode and exit the AudioWizard window.

App Lock

App Lock is a security app that allows you to restrict and control access to selected apps and files.

Using App Lock

To use App Lock:

1. On the Home Screen, tap  then tap  .
2. Tap **Start**, set up your password then tap **OK**.

Set the password

Create the password for App Locker.

New password:

....

Confirm new password:

....

Cancel OK

3. Tap **OK** to proceed to the App Lock screen.

App Lock screen

Move the slider to the right to enable the App Lock and activate the app list.

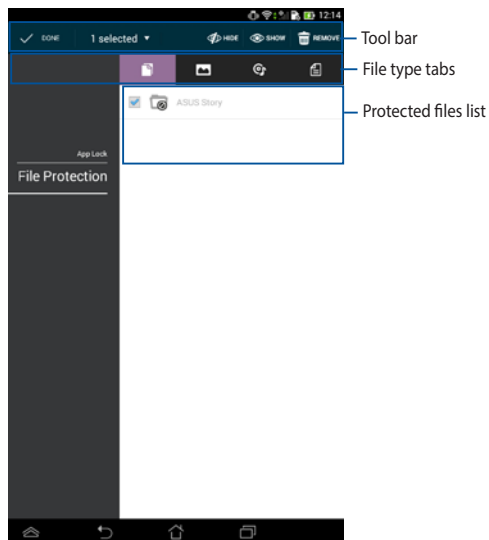

Tap this to configure the settings of App Lock.

Tap the apps that you want to lock or tap the locked app to unlock it.

NOTES:

- The apps that you locked appear as locked icons on the Home Screen.
 - App Lock prompts you to key in your password every time you launch a locked app.
-

File Protection screen

Using File Protection

To use File Protection:

1. Tap **File Protection** then tap **+** to open File Manager app.
2. Tap to select the files that you want to protect, then tap **APPLY**. The files that you want to protect appear on the File Protection screen.

Widgets

Widgets are mini apps that allow you to conveniently access useful and fun applications on your ASUS Tablet's Home Screen.

To view widgets, tap  on the Home Screen then tap **WIDGETS**.

Displaying a widget on the Home Screen

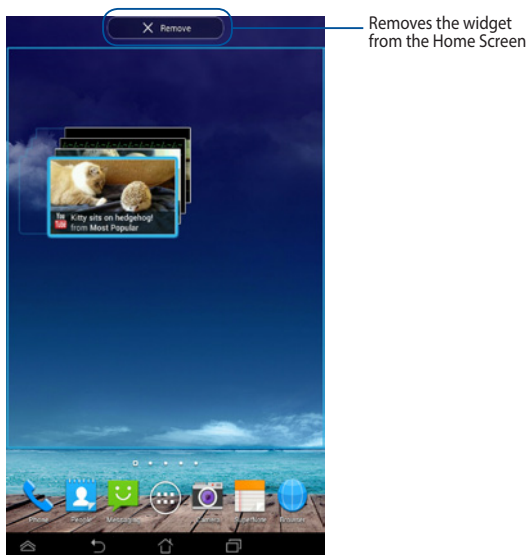

From the Widgets screen, swipe your finger to the left or to the right to select a widget. Tap and hold the selected widget, then drag it to the Home Screen.

IMPORTANT!

- You may be prompted to perform additional tasks such as registration or activation before you can use a selected widget.
 - If there is not enough space on the screen to place the widget, the widget will not be added to the screen.
-

Removing a widget from the Home Screen

From the Home Screen, tap and hold the widget until **X Remove** appears. Without lifting your finger, drag the widget to **X Remove** to remove the widget from your Home Screen.

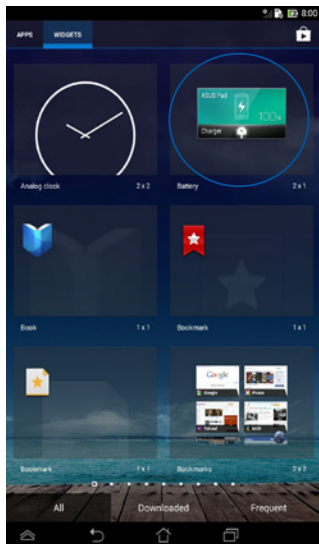

ASUS Battery

ASUS Battery is a special widget designed to show the battery status of your ASUS Tablet and its connected accessories by percentage and color.

To view ASUS Battery widget, tap  on the Home Screen then tap **WIDGETS**.

Displaying the ASUS Battery widget on the Home Screen

From the Widgets screen, swipe your finger to the left or to the right to look for ASUS Battery widget. Tap and hold the widget, then drag it to the Home Screen.

NOTE: You can also view your ASUS Tablet's battery status in ASUS Quick Setting and notification area. For more details, refer to sections *ASUS Quick Setting* and *Notification panel*.

Appendices

EC Declaration of Conformity

This product is compliant with the regulations of the R&TTE Directive 1999/5/EC. The Declaration of Conformity can be downloaded from <http://support.asus.com>.

RF Exposure information (SAR) - CE

The highest CE SAR value for the device is 1.61 W/Kg.

The limits are part of extensive recommendations for the protection of the general public. These recommendations have been developed and checked by independent scientific organizations through regular and thorough evaluations of scientific studies. The unit of measurement for the European Council's recommended limit for mobile devices is the "Specific Absorption Rate" (SAR), and the SAR limit is 2.0 W/Kg averaged over 10 gram of body tissue. It meets the requirements of the International Commission on Non-Ionizing Radiation Protection (ICNIRP).

For next-to-body operation, this device has been tested and meets the ICNRP exposure guidelines and the European Standard EN 62311, EN 62209-2 and EN50360. SAR is measured with the device directly contacted to the body while transmitting at the highest certified output power level in all frequency bands of the mobile device.

Power Safety Requirement

Products with electrical current ratings up to 6A and weighing more than 3Kg must use approved power cords greater than or equal to: H05VV-F, 3G, 0.75mm² or H05VV-F, 2G, 0.75mm².

ASUS Recycling/Takeback Services

ASUS recycling and takeback programs come from our commitment to the highest standards for protecting our environment. We believe in providing solutions for you to be able to responsibly recycle our products, batteries, other components as well as the packaging materials. Please go to <http://csr.asus.com/english/Takeback.htm> for detailed recycling information in different regions.

Coating notice

IMPORTANT! To provide electrical insulation and maintain electrical safety, a coating is applied to insulate the device except on the areas where the I/O ports are located.

Green ASUS notice

ASUS is devoted to creating environment-friendly products and packaging to safeguard consumers' health while minimizing the impact on the environment. The reduction of the number of the manual pages complies with the reduction of carbon emission.

For the detailed user manual and related information, refer to the user manual included in the ASUS Tablet or visit the ASUS Support Site at <http://support.asus.com/>.

Prevention of Hearing Loss

To prevent possible hearing damage, do not listen at high volume levels for long periods.

À pleine puissance, l'écoute prolongée du baladeur peut endommager l'oreille de l'utilisateur.

For France, headphones/earphones for this device are compliant with the sound pressure level requirement laid down in the applicable EN 50332-1:2000 and/or EN50332-2:2003 standard required by French Article L.5232-1.

CE Mark Warning

CE marking for devices with wireless LAN/ Bluetooth

This equipment complies with the requirements of Directive 1999/5/EC of the European Parliament and Commission from 9 March, 1999 governing Radio and Telecommunications Equipment and mutual recognition of conformity.

The highest CE SAR value for the device is 1.470 W/Kg.

This equipment may be operated in:

AT	BE	BG	CH	CY	CZ	DE	DK
EE	ES	FI	FR	GB	GR	HU	IE
IT	IS	LI	LT	LU	LV	MT	NL
NO	PL	PT	RO	SE	SI	SK	TR

DFS controls related to radar detection shall not be accessible to the user.

This device is restricted to indoor use only when operating in 5150 MHz to 5350 MHz frequency range.

Rechargeable Battery Recycling Service in North America

For US and Canada customers, you can call 1-800-822-8837 (toll-free) for recycling information of your ASUS products' rechargeable batteries.

India RoHS

This product complies with the "India E-waste (Management and Handling) Rule 2011" and prohibits use of lead, mercury, hexavalent chromium, polybrominated biphenyls (PBBs) and polybrominated diphenyl ethers (PBDEs) in concentrations exceeding 0.1% by weight in homogenous materials and 0.01% by weight in homogenous materials for cadmium, except for the exemptions listed in Schedule-II of the Rule.

Regional notice for Singapore

Complies with
IDA Standards
DB103778

This ASUS product complies with IDA Standards.

Highest SAR Summary for EU and Singapore

Exposure Position	Frequency Band	10-g SAR (W/Kg)	Highest 10-g SAR (W/Kg)
Head	GSM900	0.152	0.335
	GSM1800	0.139	
	WCDMA I	0.116	
	WCDMA VIII	0.136	
	LTE Band 20	0.107	
	LTE Band 8	0.093	
	LTE Band 3	0.149	
	LTE Band 7	0.087	
	WLAN 2.4 GHz Band	0.335	
Body worn	GSM900	1.470	1.470
	GSM1800	1.310	
	WCDMA I	1.450	
	WCDMA VIII	1.250	
	LTE Band 20	0.944	
	LTE Band 8	0.829	
	LTE Band 3	1.370	
	LTE Band 7	1.470	
	WLAN 2.4GHz Band	0.520	

Proper disposal

Risk of explosion if battery is replaced by an incorrect type. Dispose of used batteries according to the instructions.

DO NOT throw the battery in municipal waste. The symbol of the crossed out wheeled bin indicates that the battery should not be placed in municipal waste.

DO NOT throw the ASUS Tablet in municipal waste. This product has been designed to enable proper reuse of parts and recycling. The symbol of the crossed out wheeled bin indicates that the product (electrical, electronic equipment and mercury-containing button cell battery) should not be placed in municipal waste. Check local regulations for disposal of electronic products.

DO NOT throw the ASUS Tablet in fire. DO NOT short circuit the contacts. DO NOT disassemble the ASUS Tablet.
